

Roses Spring 2012

Pickering Nurseries Ltd.

Golden Fairy Tale

Thank you for your interest in our rose offerings.

The varieties pictured here are what I view as the best of our offerings. Yes, we grow literally HUNDREDS of other varieties but these ones are special in my view. Either they are part of the new wave of near disease free varieties or they are older exceptional varieties these ones are the first ones I would recommend to gardeners and nurseries alike without hesitation or reservation.

I hope you have a successful gardening year.

Joel Schraven
Pickering Nurseries

Barkarole (*Hybrid Tea*)
Vigorous and bushy growing with good resistance to black spot.

Berolina (*Hybrid Tea*)
Tall, vigorous and very floriferous. An excellent yellow Hybrid Tea for Ontario gardens.

Beverly (*Hybrid Tea*)
Very disease resistant and vigorous growing. Produces abundant large intensely fragrant blooms.

Claret (*Hybrid Tea*)
Large black buds open to beautifully formed, scented blooms. Claret is such a good rose it's sure to become a big customer favorite.

Cloud Nine (*Hybrid Tea*)
Loaded with large, classically structured flowers that have a superb fragrance. A trouble free variety, that is certain to provide a first class display.

Crème Caramel (*Hybrid Tea*)
The large, scented blooms are liberally borne on a vigorous bushy plant that is easy to grow. and well worth a try if you like something a little unusual!

Elina (*Hybrid Tea*)
Immense well perfumed blooms. Elina is prized for it's profuse blooming and dense, disease resistant foliage.

Eliza (*Hybrid Tea*)
Continuous blooming and absolutely disease free, Eliza is a pleasure to grow and deserves a place in every rose garden.

Fairest Cape (*Hybrid Tea*)
Large classically formed blooms in a bright and cheery color perched atop a vigorous disease resistant plant.

Golden Fairy Tale (*H.T.*)
Large old fashioned blooms come freely all season long on a tough and disease resistant plant. Has shown to be reliably hardy in zone 5.

Grand Amore (*Hybrid Tea*)
From June until frost long pointed buds open to cheery broad blooms held high above disease free, dark glossy foliage.

Keep Smiling (*Hybrid Tea*)
Abundant scented blooms that are non-fading and produced on a powerhouse of a plant that provides an astonishing display all summer long.

Kings Macc (Hybrid Tea)

The flowers are stunning, classically formed and the scent is sensational! Growth is vigorous with splendid disease resilience.

La Perla (Hybrid Tea)

Old fashioned blooms give the bush a nostalgic character. Robust growth and excellent disease resistance make this a winning combination.

Lace (Hybrid Tea)

Oodles of gorgeous beautifully formed and fragrant blooms borne on strong stems. Growth is bushy with good disease resistant foliage.

Liebeszauber (Hybrid Tea)

A Vigorous growing, tall rose with a generous repeating habit. A nice rose for the garden or for the bouquet.

Mamma Mia (Hybrid Tea)

What a rose! It's blooms that are exquisitely formed and highly fragrant. They are produced generously on a vigorous and branching bush.

Marie Luis Marjan (Hybrid Tea)

Beautiful old fashioned blooms are produced continuously on a medium sized plant all season long.

Marijke Koopman (Hybrid Tea)

A real blooming machine, the last bloom of the season is just as big and well formed as the first one. Strong and vigorous growing .

Moody Blue (Hybrid Tea)

Unlike most Hybrid Teas in this color range MB has strong, vigorous growth that produces a wealth of bloom with staggering continuity.

Rotary Sunrise (Hybrid Tea)

This is a top-notch variety. Its color is spectacular with beautifully formed scented blooms coming continuously all season long.

Royal William (Hybrid Tea)

Large strongly scented flowers come reliably for the entire season on this resilient, clean bushy plant. A nice show in the garden every year.

Sally Kane (Hybrid Tea)

Elegant and perfectly symmetrical blooms come all summer on a vigorous variety that appears to be untroubled by weather or disease.

Savoy Hotel (Hybrid Tea)

Beautifully formed blooms that are consistent in every way even in the warmest part of summer. A clean and healthy growing plant too.

Seventh Heaven (Hybrid Tea)

In many ways this is almost the perfect Hybrid Tea with heavenly scented blooms that are so bright they sparkle. This is a top-performer.

Souvenir de Baden Baden (H.T.)

Large elegant blooms are borne on long stems and boast a good vase life. A vigorous growing and nearly disease free variety.

Sparkle (Hybrid Tea)

The blooms have a good fragrance and hold their color well. Growth is strong and vigorous. This is a real spellbinder that will liven up any garden.

Spielwark (Hybrid Tea)

Intensely fragrant blooms ride high on a clean and vigorous, upright and bushy plant.

The Wainwright Rose (H.T.)

Growth is robust and vigorous ensuring a plentiful supply of scented flowers throughout the season on an imposing bush.

Velvet Fragrance (Hybrid Tea)

Large blooms are produced in abundance on a robust and healthy growing plant. A magnificent all rounder with health, vigor and a glorious fragrance.

Warm Wishes (Hybrid Tea)

Firmly established as one of the finest introductions of recent years whether for bedding or individual planting, this is certainly a rose not to be missed.

South Africa (Grandiflora)

Always covered in clusters of large blooms. A clean, vigorous and healthy growing plant.

Apricot Vigorosa (*Floribunda*)
Medium sized lightly scented blooms are borne in clusters. nearly disease free and continuous blooming this low bushy plant is perfect for any garden.

Brothers Grimm Fairy Tale (*Fl.*) Old fashioned blooms give the bush a nostalgic character. Incredible vigor and disease resistance make this a great orange rose.

Easy Going (*Floribunda*)
A golden sport of Livin' Easy. Same wonderful characteristics but different color.

Floral Fairy Tale (*Fl.*)
Delicate apricot blooms fade to pink on a bushy and compact bush that is ideally suited for beds and borders. Moderately perfumed.

Free Spirit (*Floribunda*)
A free and easy growing floribunda with a bushy, spreading habit that covers well and produces a wealth of delightful salmon pink blooms .

Guinevere (*Floribunda*)
Large, sweetly scented old fashioned blooms grace a care free, disease resistant , compact growing plant all season long.

Lavaglut/Lavaglow (*Fl.*)
Impressive displays of showy dark red blooms in large clusters appear throughout the season. Perhaps the best red floribunda.

Lions Fairy Tale (*Fl.*)
Large , lightly scented blooms come constantly all season on this beautiful, vigorous bushy plant. Reliably hardy and essentially disease free.

Livin' Easy (*Floribunda*)
Livin' Easy is just that...blooms constantly and profusely with very little care. Livin' Easy is a wonder rose!

Mountbatten (*Floribunda*)
Adorned with large strongly perfumed blooms that come perpetually all season long Mountbatten is perfect for the back of the garden.

Nicole (*Floribunda*)
An excellent bi-color rose that displays it's best color even through the hottest part of the season.

Petticoat Fairy Tale (*Fl.*)
Lightly scented medium sized blooms adorn a bushy, hardy disease resistant plant through the entire season. The BEST white FL. available

Pomponella Fairy Tale (*Fl.*)
Old fashioned globular blooms appear profusely all season on a remarkably winter hardy, disease free bush.

Pretty Lady (*Floribunda*)
The delicately colored blooms come profusely on a tough, disease resistant plant. More winter hardy than most floribundas.

Sisters Fairy Tale (*Fl.*)
A Bushy and floriferous rose ideally suited for a prominent place in a border or as a bedding rose. Very disease resistant.

Summer Memories (*Floribunda*)
Beautiful old fashioned blooms are large and packed full of petals. Vigorous arching growth is covered by clean dark green, glossy foliage.

Sunsprite (*Floribunda*)
Long our favorite yellow garden rose, Sunsprite continuously rewards with good sized fragrant blooms on a vigorous bushy reliably hardy plant .

Tickled Pink (*Floribunda*)
An impressive rose with masses of large, scented, full blooms carried in large clusters on a vigorous plant that has supreme resistance to disease.

Travemunde (*Floribunda*)
A vigorous growing floribunda that charms and captivates with its eye catching , elegant deep red blooms and bluish-green foliage.

Fairy Dance(*Border/Landscape*)
A little known but tremendous rose. Exceptionally vigorous and a generous bloomer. Essentially disease free. The BEST red landscape rose around.

Lovely Fairy (*Border/Landscape*)
A deeper colored sport of the fantastic Fairy Rose. Same excellent winter hardiness & disease resistance and spreading growth habit.

Marie Pavie (*Border/Landscape*)
A nice upright bush covered in small strongly scented blooms throughout the season. Makes a nice low border or looks great in a container.,

The Fairy (*Border/Landscape*)
An old favorite. Excellent winter hardiness & disease resistance and spreading growth habit. Blooms non stop all season long.

Cal Poly (*Mini/Border*)
A little bloomin' machine. NEVER without color this tidy, compact plant stays healthy and clean and full of color all through the season.

Love and Peace (*Mini/Border*)
Compact growing and very floriferous. Makes a nice display in a small space. Winter hardy and with a good resistance to disease.

Aloha Hawaii (*Climbing Max*)
Beautiful large, scented old fashioned blooms are produced recurrently on a vigorous, hardy and disease resistant plant throughout the season.

Aloha (*Climbing*)
Large, strongly perfumed blooms on a 6'/180cm upright growing plant.. Ideally suited for small spaces or short trellis. Excellent disease resistance.

Amadeus (*Climbing Max*)
Elegant buds open to non fading blooms coming nearly continuously. Excellent disease resistance. A lovely climber for a prominent location.

Antike 89 (*Climbing*)
Large full blooms on glossy bronze disease resistant foliage. A tough & hardy variety that blooms best when established. Grows 10'/3m.

Compassion (*Climbing*)
Beautiful HT shaped blooms are strongly perfumed blooms. Exceptional disease resistance.

Crimson Cascade (*Climbing*)
The darkest red climber, vigorous growth with dense glossy foliage. Exceptionally disease resistant. Grown to 9'/3m.

Dortmund (*Climbing*)
An old variety that doesn't get used enough. Hardy and nearly disease free with large bright blooms. Grown to 9'/3m or more.

Dreaming Spires (*Climbing*)
Beautiful 3"/8cm blooms come in clusters all summer carried on large deep green leaves. A vigorous & hardy variety that grows 8'/2.25m.

Golden Arctic (*Climbing*)
4"/10cm blooms appear early in the season then repeat reliably. Arching, pliable canes make this an easy Cl. to train. Reaches 8'/2.5m.

Golden Gate (*Climbing Max*)
Continuous blooming and essentially disease free. The ideal yellow climber. Quickly grows to 10'/3 m.

Illusion (*Climbing*)
The best of the red climbers. Constantly in bloom, healthy and clean and able to cover large spaces, particularly sheltered walls.

Ilse Krohn Superior (*Climbing*)
6"/15cm blooms come heavily in June then reliably throughout the rest of the season. A hardy variety that grows 8'/2.25m.

Jasmina (*Climbing Max*)
Large, sweetly scented blooms are generously provided on a tall vigorous, hardy and essentially disease free plant. Grows up to 9'/3 m.

Laguna (*Climbing Max*)
Large, intensely fragrant blooms come freely vigorous, hardy and essentially disease free plant. Grows up to 9'/3 m.

Leverkusen (*Climbing*)
Medium sized blooms on glossy leathery disease resistant foliage. A tough & hardy that looks great on fences & in arches. Grows 10'/3m.

Manita (*Climbing Max*)

A hardy and essentially disease free climber with stiff shrub like canes. Plentiful large flat blooms throughout the season. Grows up to 9'/3 m.

Moonlight (*Climbing Max*)

Delicately colored blooms open from lovely pointed buds on a stiff and upright growing bush. Disease resistant and hardy. Grows to 8'/2.5 m.

New Dawn (*Climbing*)

The first repeat flowering rambler. Very vigorous growing with long pliable canes. Great for pergolas and large spaces. Can grow to 20'/6m.

Parade (*Climbing*)

Huge, full blooms are produced all season long. A nice vigorous plant, well suited to moderate sized spaces. Grows to 8'/240cm.

Penny Lane (*Climbing*)

large clusters of lightly scented blooms through the season. Long pliable canes are easy to train. Well suited to a wall or arch. Grows up to 9'/3 m.

Quadra (*Climbing/ shrub*)

A Canadian Parkland variety. Large full blooms come reliably through the season and disease resistance and hardiness are excellent. 6'/180cm.

Red Corsair (*Climbing Max*)

Vigorous growing, with long pliable canes and a profusion of medium sized bright red blooms. Grows up to 9'/2.75 m.

Red Fountain (*Climbing*)

Deep red blooms rest on dark/ burgundy-green foliage creating a striking contrast. A beautiful variety. Grows 10'/3m.

Rosanna (*Climbing Max*)

Large, deeply cupped blooms are set against a dense backdrop of dark green foliage. Vigorous, hardy and nearly disease free. Grows to 9'/3 m.

Rosarium Utersen (*Climbing*)

Large, strongly perfumed blooms. Vigorous, hardy and very disease resistant Grows to 9'/3 m.

Super Excelsa (*Climbing Rambler*)

1"/3cm blooms carried in large trusses come heavily in June then throughout the rest of the season. Vigorous and disease resistant. Grown to 8'/2.25m.

Amber Sun (*Bedding/Landscape*)

Medium sized blooms in large clusters appear constantly through the season. A beautiful mounding habit make this a lovely bedding rose. 2'-3'/60-90cm

Brilliant Vigorosa

(*Bedding/Landscape*)

Large blooms on a dense, mounded shrub. Hardy in zone 5, disease free and continuous blooming. 2'/60cm

Emely (*Bedding/Landscape*)

3"/10cm blooms in clusters all season long on a disease free plant. Winter hardy too. 2'/60cm

Fortuna Vigorosa

(*Bedding/Landscape*)

Ideal for beds and mass plantings. Profuse bloom all season long. Essentially disease free. 2'/60cm

Innocencia Vigorosa

(*Bedding/Landscape*)

More vigorous than Brilliant but smaller bloom. Reliably hardy in zone 5, disease free and continuous blooming. 20"/50cm

Larissa (*Bedding/Landscape*)

Abundant full blooms come continuously on a compact, mounded, disease free plant. A GREAT rose for bedding or mass plantings. 2'/60cm

Palmgarten Frankfurt

(*Bedding/Landscape*)

A disease free, low spreading rose with 2"/5cm blooms all season long. 2'/60cm

Ruby Vigorosa

(*Bedding/Landscape*)

Plentiful clusters of bloom with a nice semi spreading habit. Very disease resistant.. 2'/60cm

Salmon Vigorosa

(*Bedding/Landscape*)

Smaller and more dense than others, Salmon still blooms all season and is very disease resistant. 20"/50cm

Siena Vigorosa

(Bedding/Landscape)

Smaller and more dense than others, Salmon still blooms all season and is very disease resistant. 2'/60cm

Solero *(Bedding/Landscape)*

Full blooms come continuously on a compact, mounded, disease resistant plant. A GREAT rose for bedding or border plantings. 2'/60cm

Sunny Rose *(Bedding/Landscape)*

2"/ 5cm blooms are produced consistently on a spreading plant. Excellent disease resistance. Nice in borders or group plantings. 3'/90cm

Sweet Vigorosa

(Bedding/Landscape)

The nicest of the pink bedding roses. Reliably hardy in zone 5, disease free and continuous blooming. 2'/60cm

Toscana Vigorosa

(Bedding/Landscape)

The nicest of the red bedding roses. Reliably hardy in zone 5, disease free and continuous blooming. 2'/60cm

Cape Diamond *(Hardy Shrub)*

A winter hardy brute of a shrub. Stiff, woody canes and disease resistant foliage make this a good variety for high traffic or other tough situations.

Caramella Fairy Tale

(Shrub)

Large, lightly scented 4"/ 10cm blooms come on this large bushy plant. Hardy and disease resistant.

Cinderella Fairy Tale

(Shrub) Old fashioned blooms are pleasantly scented and appear with excellent regularity. Hardy and nearly disease free.

Elegant Fairy Tale

(Shrub) A tall & bushy growing shrub that's hardy and nearly disease free. Lovely full blooms come freely all season long.

Prairie Harvest *(Shrub)*

The picture pretty much says it all, except the strong perfume and the tremendous disease resistance. A lovely 4'/ 120cm tall bushy shrub.

Rugelda *(shrub/ Rugosa)*

The hardiest yellow rose. Leathery, glossy, disease free foliage clothes this vigorous beast of a plant. Give her lots of room and she'll be a great show.

Darts Dash *(Rugosa)*

Strong fragrance, disease free winter hardy to Northern Ontario. Rugosas are PERFECT for park type plantings and natural settings like cottages.

F.J. Grootendorst *(Rugosa)*

A bushy and floriferous rugosa that excellent for a moderately sized hedge. Very winter hardy and tolerant of wind, excellent for tough locations.

Henry Hudson *(Explorer Rugosa)*

A low growing rugosa only reaching 1'/30cm Henry makes a nice border plant. Orange hips are also produced in fall and can be used for jams, etc.

Jens Munk *(Explorer Rugosa)*

Mid-sized blooms come reliably on this 5'/ 150cm bush. Exceptionally hardy; the compact habit make it an attractive and versatile shrub.

Pink Grootendorst *(Rugosa)*

More floriferous than other rugosas. Very winter hardy and tolerant of wind, excellent for tough locations.

Polareis *(Rugosa)*

Nicely perfumed attractive blooms. A restrained & attractive grower this is a rugosa that can be used in prominent locations, like close to an entrance.

Purple Pavement *(Rugosa)*

While not a prostrate grower PP is none the less a fabulous growing and generous blooming rugosa. Tons of orange hips in fall.

Roseraie de L'Hay *(Rugosa)*

One of the most fragrant roses around, makes a nice display where the intense perfume can be best enjoyed.,

White Grootendorst *(Rugosa)*

A sport of Pink Groot., this is the BEST blooming rugosa around, though sometimes it will bear pink blooms along with the white ones.
