

Fairy Tale Roses

Fairy Tale Roses offer beautiful old fashioned blooms on robust care-free shrubs with near complete resistance to disease. They are easy to care for, both in the garden and in your garden center and with their vigorous growth habit, clean beautiful foliage and “stop you in your tracks” blooms are sure to grab your customers attention.

Brothers Grimm Fairy Tale

The flowers are a blend of orange and apricot with a yellow reverse that becomes lighter as the flowers age. It blooms in large, long lasting clusters making it an excellent choice for beds and for single plantings. (Floribunda)

mild

70cm X 50cm

Caramel Fairy Tale

The 3-4" wide flowers are a blend of amber yellow and apricot come in profusion through summer & autumn. A very robust, vigorous shrub with a lovely color, suitable for cultivation as single plant or in groups. (Shrub)

mild

120cm X 70cm

Cinderella Fairy Tale

This large, vigorous, wonderfully clean and hardy shrub makes a bold and beautiful statement in the garden. The exquisitely formed 3-4" wide blooms come quickly and often throughout the season. An excellent, care free rose. (Shrub)

strong & fruity

150cm X 70cm

Elegant Fairy Tale

Rounded buds open to tidy cream pink flowers with a darker center. The camellia-like, double blooms are showcased by healthy, glossy dark green foliage. (Shrub)

mild

120cm X 70cm

Floral Fairy Tale

Delicate apricot colored blooms fade to light pink. The compact growth habit and 3" old fashioned blooms make this variety a consistent favorite in the garden. (Floribunda)

moderate

70cm X 50cm

Golden Fairy Tale

This floriferous bush produces 3-4" yellow flowers on strong, upright stems clothed in healthy dark green foliage. More winter hardy than many yellow roses, in particular other yellow Hybrid Teas. (Hybrid Tea)

moderate

90cm X 50cm

Also available: Lions Fairy Tale, a champagne floribunda, Petitcoat Fairy Tale, a white floribunda and Sister's Fairy Tale, a medium pink floribunda.

Vigorosa Roses

Vigorosa is a group of healthy landscape and ground cover roses in a range of vibrant colors, that combine excellent health, vigour, and season long bloom. They are suitable for use in mass plantings as well as singly in the garden. They have proved to be reliably winter hardy in zone 5.

Apricot Vigorosa

Abundant clusters of lightly scented apricot–orange–pink blooms transition to apricot/ pink when open. It has exceptional resistance to black spot and mildew, blooms all summer and is very vigorous growing.

slight

80cm X 60cm

Innocencia Vigorosa

Beautifully formed pure white blooms cover the plant in the early season, then repeat quickly in large clusters all season long. The compact, but vigorous growing plants have excellent resistance to disease. Ideal for bed or mass planting

slight

50cm X 50cm

Sweet Vigorosa

This bush makes a strong impact in the garden even from a distance as a result of continuous and floriferous bloom. The extremely vigorous bush is suitable for nearly any garden.

none

60cm X 50cm

Ruby Vigorosa

A brilliant colored rose ideally suited to use as a ground cover in mass plantings. The dark green, glossy foliage is nearly completely resistant to black spot and mildew infestation and the abundant clusters of bloom come all season long.

slight

70cm X 50cm

Salmon Vigorosa

Abundant double flowers in sprays come all season long. The compact and bushy plant has plentiful, glossy green foliage that is very disease resistant.

none

40cm X 50cm

Toscana Vigorosa

The raspberry red blooms are a perfect contrast to the glossy, dark green foliage of this variety. Blooms come repeatedly until late in the season. An excellent variety for any garden.

none

50cm X 60cm
